

STEM SCOOP

From the Principals...

May is the home stretch of the school year. We want to thank everyone who supported our students during their testing window and all throughout the year. We appreciate you getting your students to school on time, feeding them a healthy breakfast, reminding them how important school is and to try their very best, all these components support your child in being successful!

May 19th will be field day here at CSA! This end of the year activity is where students will get to demonstrate some of the skills they have learned in PE in a variety of fun games and stations. There will be a two person inflatable obstacle for students to challenge their friends. K-5 students will get to have their field day in the morning before lunch. Grades 6-8 will have their field day time after lunch in the field in front of the elementary building. Students should come to school in athletic type attire and be ready for some physical activities. We are looking for parent volunteers who would like to help out and run a station or activity. If you are interested in helping or have questions about this event email Nick Hamar at nhamar@westminsterpublicschools.or for more information.

Kind Regards,

Brenda Martin & Heather McGuire
